

Legacy Quiz User Guide

Comprehensive Manual for Mobile (Android) & Web App Versions

* For Guidance and not exhaustive.

Instructions

Guidance on playing different Game versions, which include:

- Offline Single Player
- Offline Multiple Players
- Online Single Player
- Online Individual Challenge
- Online Team Challenge

The Legacy Continues

"Message from Visionary and Founder, Archbishop Professor Ezekiel H. Guti."

Offline Game Play

Synchronize your local database by clicking any of the 2 buttons below (Sync Cloud or Load Package). Once done you do not need internet connection to enjoy the game, just start the game.

Renaming players is optional.

Game Setup & Questions

Each game has a randomly selected 100 questions from our database. You determine how many questions will be played for your game session.

The quiz grid layout is categorized as follows:

Questions 1-70: Multiple Choice

Questions 71-80: Image Based

Questions 81-100: Open Ended / Structured

Scoreboard is located at the bottom of the questions grid. You can change the grid's width, height or font size by using the slides above.

Marking Answers

Correct answers and their sources are provided for guidance. Use the designated grid to mark participants' answers. All players in a session answer the same questions.

Winner Reveal & Animation

Cumulative scores are displayed via a dynamic bar chart. After the race, the winner is announced with a trophy presentation. You can replay the animation as needed.

Online Multiplayer Modes

Online Individual Challenge:

1. Host generates a session code.
2. Participants join using the code.
3. Scores are tracked individually.

Online Team Challenge:

1. Create teams (max 5 per team).
2. Participants join specific teams.
3. Individual scores aggregate into team totals.

Contributing to the Legacy

Registered users can submit questions (Question, Answer, Source) for administrative review. Approved questions are added to the global database.
